JOB POSTING
Vikes Basketball Statistics Caller

University of Victoria | Vikes Athletics and Recreation

Job Description
The Vikes Basketball Statistics Caller position will contribute to the game day operations staff for all Vikes men’s and women’s basketball home games. The Statistician is responsible for calling the play-by-play and game details live for the Statistician inputter. The position will be required to commit to all home basketball games and will report to the Vikes Communications Officer.

Qualifications
• A very strong, technical understanding for the sport of basketball, in particular the rules, referee signals and regulations under FIBA and CIS rules
• Excellent communication, listening and interpersonal skills
• Demonstrated ability to pay attention to detail
• Ability to react calmly under high pressure situations
• Knowledge or experience with Statcrew Software is preferable
• Knowledge of Canadian Interuniversity Sport and Canada West basketball
• An understanding of sport and/or desire to work in a sports related field

Key Responsibilities
• Set up and take down of Statcrew computer before and after home games
• Helping to collect all necessary information for the start of the game such as starting line ups, referee names, estimated attendance, etc.
• Working closely with a statistics inputter to ensure in-game statistics are recorded accurately
• Double checking play by play and game set up details with the statistics inputter

Compensation
The successful candidate will be compensated hourly at a rate of $15 per hour.

Commitment
The successful candidate must be available for all home exhibition, regular season and play off basketball home games for the Vikes men and women. In addition, some pre-season training with the Statcrew computer and statistics inputter will be necessary in early September.

To Apply
Please e-mail or call Ali Lee, Vikes Communications Officer, at vicvikes@uvic.ca or 250-721-8410 expressing your interest and outlining your experience and relative qualifications.
